Enterprise Zone Certificate Information

Each contractor & subcontractor that will be purchasing materials for the project will need to have their own Enterprise Zone Building Materials Exemption Certificate (BMEC) issued by the EDC. To create these certificates, the EDC needs the below information for each contractor/sub on the project. At the end of the state's fiscal year (March), everyone who used a BMEC in the prior year will need to make a short report to the Illinois Dept. of Revenue. Notice of the report will be sent via email to the addresses provided in this list. **Please type or print with black ink.**

Submit this completed form to: BN Economic Development Council, Email: becky@bnbiz.org or call with questions 309-452-8437
