

## **Heartland Community College One Voice Scholarship**

The Heartland Community College One Voice Scholarship was created in 2018 for the 2019 One Voice Trip. The scholarship allows one Heartland Community College (HCC) student to participate in the One Voice Washington, D.C. trip.

The selection process is based on the applicants' responses to an essay question, volunteer/civic engagement experience and their personal interest in the trip opportunity. The top three finalists are then interviewed by a committee made up of EDC staff and EDC board members.

## **2019 HCC Scholarship Recipient – Joshua Crockett**

We would like to congratulate this year's recipient of the Heartland Community College Scholarship, Joshua Crockett. Joshua Crockett is within his final year

at Heartland Community College and will be transferring to Illinois State University in the fall to major in Political Science. He is currently interning for the Continuing Education department at Heartland, which aligns with his goals of working in higher education after graduation. Joshua has held a number of leadership positions on Heartland's campus including: member of Phi Theta Kappa, SGA Senator, Student Body President, and as the current Student Trustee. He has utilized these roles to serve the

students of Heartland by raising awareness for issues regarding textbook affordability, campus safety, and enhancing the overall student experience. Joshua has witnessed the impact students can make when they speak out for what they believe in, and the 2019 One Voice trip is yet another platform to advocate for the needs of this community alongside our dedicated local leaders.
